PREFACE

The census data in this volume was transcribed from a microfilmed copy of the original census register, Provincial Archives of New Brunswick, Fredericton, N.B., reels F1616 and F1617, National Archives of Canada, Ottawa, Ontario, reels C10380 and C10381. Reels F1616 and C10380 are identical; likewise F1617 and C10381.

Inhabitant names are listed, by Parish, in the same order as they were entered in the original Schedule 1, Nominal Return of the Living, by the enumerators. The dwelling house numbers and family numbers (columns 5 and 6) are those assigned by the enumerators in the schedules. Inhabitants are indexed by Parish and family number (column 6). For example, the name "AKERLEY, Annie, Burtl, 018," in the index may be found by looking in the Parish of Burton, Division 1, family number 018 in column 6.

Inhabitants who died in the year prior to the census are also listed in the same order as they were entered in the original Schedule 2, Nominal Return of Deaths Within Last 12 Months, by the enumerators. These names are not indexed.

Every effort has been made to record all names in this volume the same as they were recorded by the enumerators in the original schedules. However, some of the microfilm is imperfect, some of the ink used by the enumerators faded, and not all of the handwriting is legible. For these reasons, researchers should refer to the original schedules and make their own interpretation whenever possible. The microfilm reels are available on inter-library loan, from the Provincial Archives of New Brunswick and from the National Archives of Canada, through libraries with microfilm readers, anywhere in North America.

This volume was compiled by volunteers, Mrs. Joan Davis, Charters Settlement, N.B., Mrs. Janice Seeley, Rusagonis, N.B., and George H. Hayward, Fredericton, N.B., for The Provincial Archives of New Brunswick.

****

AVANT-PROPOS

Les données du recensement reproduites dans ce volume proviennent d'une copie microfilmée du registre original de recensement, conservée aux Archives provinciales du Nouveau-Brunswick, à Fredericton, N.-B., bobines F1616 et F1617, ainsi qu'aux Archives nationales du Canada, à Ottawa, Ontario, bobines C10380 et C10381. Les bobines F1616 et C10380 sont identiques, comme, le sont F1617 et C10381.

Les noms des habitants sont inscrits, par paroisse, dans l'ordre utilisé par les agents recenseurs pour établir l'Annexe 1 originale, intitulée "Reléve nominal des vivants". Les numéros des habitations et des familles (colonnes 5 et 6) sont ceux les agents recenseurs avaient inscrits dans les annexes. Dans l'index, les habitants sont classés selon la paroisse et le numéro de famille (colonne 6): par exemple, le nom "AKERLEY, Annie, Burtl, 018" peut être retrouvé dans la paroisse de Burton, division 1, famille no 018 dans la colonne 6.

Les habitants décédés durant l'année précédant le recensement sont, eux aussi, inscrits dans le même ordre qu'ils l'étaient dans l'Annexe 2 originale; intitulée "Relevé nominal des personnes décédées dans les 12 derniers mois. Leurs noms ne figurent pas dans l'index .

Les efforts n'ont pas été ménagés pour inscrire tous les noms dans ce volume de la façon que les agents recenseurs l'avaient fait dans les annexes originales. Cependant, une partie du microfilm présente des imperfections; l'encre utilisée par les agents recenseurs s'est effacée en certains endroits et l'écriture n'est pas toujours lisible. C'est pourquoi les chercheurs devraient, lorsque possible, consulter les annexes originales et faire leur propre interprétation. Les bobines de microfilms peuvent être obtenues, par prêt inter-bibliothèques, des Archives provinciales du Nouveau-Brunswick et des Archives nationales du Canada, par l'entremise des bibliothèques posséndant des lecteure de microfilms et ce, partout en Amérique du Nord.

Ce volume a été préparé bénévolement par Mme Joan Davis, Mme Janice Seeley et M. George H. Hayward, respectivement de Charters Settlement, de Rusagonis et de Fredericton, au Nouveau-Brunswick, pour les Archives provinciales du Nouveau-Brunswick.
